

Eva Johnson Memorial Scholarship Fund 2018-2019

Purpose

Head Start is a Federally Funded program established over 52 years ago to provide early childhood health and education services to young, preschool children living in poverty and their families. Shasta Head Start has been serving low income families in three Northern California counties since 1965.

Each year, Shasta Head Start presents an Eva Johnson Memorial Scholarship to one graduating high school senior who is an alumnus of a Head Start Program and is planning to continue their education in a college, university or technical school setting. The Eva Johnson Memorial Scholarship Fund was established in memory of Eva Johnson. Eva, a child care provider for many years and a dynamic leader in the Martin Luther King community, was a member of Shasta Head Start's Board of Directors. She was a true friend to children everywhere, no matter what their background.

The purpose of the Eva Johnson Scholarship Program is to recognize alumni of Head Start in academic achievement, and school and community involvement. Our goal is to encourage high school seniors to pursue postsecondary education in a public or non-public college, university or technical school. The Foundation awards one \$1,000 scholarship to a high school graduate from either Shasta, Siskiyou or Trinity County. For the academic year of 2018-2019, the \$1,000 Eva Johnson Memorial Scholarship is being funded through a grant by the Redding Bank of Commerce. This is a competitive scholarship.

An Eva Johnson Memorial Scholarship Fund scholarship may be used to directly reimburse tuition and other costs and fees associated with postsecondary education. The Eva Johnson Memorial Scholarship Fund will make the grant directly to the student. The scholarship recipient will be honored at the award ceremony at your high school.

Eligibility

Applicants must be high school graduates that are alumni of Head Start, who intend to enroll in a postsecondary institution, which may be a public or non-public university, college or technical school. Applicants must be able to provide documentation of the year and location of the Head Start Program they attended as a preschool child.

Selection Criteria

Applicants will be evaluated on their application, academic achievement, school and community involvement, references and written essay.

Applicants will be evaluated on ability to articulate goals in four areas: future educational goals, community service goals, personal life goals and career goals.
