

Christina Madrigal Memorial Scholarship Fund 2017-2018

Purpose

Head Start is a Federally Funded program established over 51 years ago to provide early childhood health and education services to young, preschool children living in poverty and their families. Shasta Head Start has been serving low income families in three Northern California counties since 1965.

Shasta Head Start is presenting the Christina Madrigal Memorial Scholarship to one graduating high school senior who is an alumnus of a Head Start Program and is planning to continue their education in a college, university or technical school setting. The Christina Madrigal Memorial Scholarship Fund was established in memory of Christina Madrigal who was the daughter of California farm laborers and began her own Head Start career as a single parent in the program. Chris was a dedicated employee of both the Napa and Shasta Head Start agencies for over 40 years. Based on her own life experiences, low income families were her primary motivation and focus. She was a dynamic advocate for parent education and family empowerment.

The purpose of the Christina Madrigal Memorial Scholarship Program is to recognize alumni of Head Start in academic achievement, school and community involvement and citizenship. Our goal is to encourage high school seniors to pursue postsecondary education in a public or non-public college, university or technical school. The Foundation awards one \$1,000 scholarship to one high school graduate. For the academic year of 2017-2018, the \$1,000 Christina Madrigal Memorial Scholarship is being funded through a generous contribution by Judie Englesby-Smith and Dr. Virgil D. Smith. This is a competitive scholarship.

A Christina Madrigal Memorial Scholarship Fund scholarship may be used to directly reimburse tuition and other costs and fees associated with post secondary education. The Christina Madrigal Memorial Scholarship Fund will make the grant directly to the student. Scholarship recipients will be honored at the award ceremony at their high school.
